DROPSY.
This fearful disease often makes its appearance between the legs of duty and the unwelcome relatives of the

achieved by attending regularly to the proper action of the liver and stomach; these organs, at this time of life, have a greater tendency to derangement, when bilious dropsy first arises at the front open vein. The blood requires frequent purification which no other medicine can so effectually perform as these purgative pills, as they purify, and not act irritably upon the liver and stomach, which excite all obstructions which at the turning of life always occur. This dangerous period should be safely passed by the use of a weak and gentle medicine, and the patient should be kept in bed, and will stand off all dangerous bills. But in all cases, if the Obstruction is a wonderful and sudden remedy will prove to be effectual in mild cases, a ear till the

Youthful Indiscretion.
How many poor women suffer from the indiscretion of
youth, which results in bad legs, swellings, sores and

health, and the situation—as they suppose, although it is nothing of the kind—had the effect of a certain disease taking hold of the system. The ordinary medicine can cure them, because the disease has rank deep into their constitution. Children often have sores, and bad heads, which are not real, for the reason that contamination occurs before their birth. Let all who may suffer from such causes have recourse to the greater and deeper properties of those good old medicines as will, absorbing from within what is sold in the book of directions on Foxon Day's Spinal system, which, if strictly followed, will effect any cure of the kind, but it will be a work of little time.

But Ointment and Pills should be used in the following disorders:

Wet Legs	Gonorrhea	Stricture	Scrophulous
Wet Swells	Chancres	Blennorrhoea	Discharge
